# GULFSTREAM G200

## CABIN DESCRIPTION

The Gulfstream G200, a super-midsize jet, offers one of the largest cabins in its class, comfortably seating up to 10 passengers and featuring a spacious luggage compartment, full restroom, and large galley with amenities. The G200's stand-up headroom, in-flight Wi-Fi, wide seats with swivel and recline options, and fully enclosed lavatory make it a comfortable choice for long-range travel.
